### PRIVATE SECRETARY'S OFFICE.

#### NOTIFICATION.

No. 1.—In connection with the selection of Indian candidates for admission to the Royal Military College, Sandhurst, with a view to their qualifying for King's Commissions in the Indian Army, it is proposed to hold an entrance examination in Madras on the 30th April 1912, for the two commencing at Sandhurst in September 1912. The following information is published for the use of intending candidates:—

(1) Candidates must be between the ages of 18 and 23 on the 1st July 1912, but the upper age-limit will be 25 on the 1st July 1913 for candidates who were serving voluntarily in His Majesty's Forces on or before the 1st January 1912, or in the Centre Division of the Officer's Training Corps on or before the 1st March 1912. Candidates must state their age definitely.

(2) Candidates are required to furnish a declaration which must be signed by their parents or guardians, to the effect that it is their intention to seek the Army their permanent profession.

(3) Candidates must be prepared to pass a qualifying examination (the detailed syllabus of which is printed as an appendix to this notification). The general educational standard required is that prescribed for the diploma of the Chief's College, a school-leaving certificate recognized by a University Government, the Matriculation examination of an incorporated University or any higher examination.

(4) Candidates will, in addition, undergo a special test consisting of an oral examination conducted on similar lines to the Adversity Test for the Royal Naval College. This examination which is designed to test the intelligence and general knowledge of candidates will be conducted by a Board of officers.

(5) A medical examination, according to the standard laid down in Appendix B of the Regulations for the Army Medical Service, 1905, will also be held in Madras. Candidates of all ages to their appointment a medical certificate from a competent medical officer to the effect that they were up to the standard mentioned above.

(8) The cost of a first-class railway fare from their homes and back will be granted to candidates attending the medical and qualifying examinations in India.

Candidates chiefly resident to join the Royal Military College, Sandhurst, will also receive the cost of one first-class fare from their residences to the port of embarkation, in India, and a first-class passage by sea to England.

Applications for railway fares should be made to the Private Secretary to His Excellency the Governor of Madras.

Passages for sea for candidates selected for admission to the college will be arranged by the Education Commissioner, Bombay, under orders from Army Headquarters.

Selected candidates will be sent to England in charge of a British officer, who will be appointed by Army Headquarters and who will meet the candidates at Bombay. Each candidate will hand over to this officer at Bombay the sum of Rs. 300 to cover the cost of expenses incurred during the voyage to England.

(9) The fee for cadets at the Royal Military College, Sandhurst, are £100 per annum for two years in the case of sons of private persons and £150 per annum in the case of sons of military officers below the rank of Lieutenant-Colonel. These fees are exclusive of contingent expenses, uniforms, etc., which are as follows:—

Contingent amount for four terms	..	..	..	..	100
Pocket money at £50 per annum	..	..	..	..	72
Twenty meals weekly at about £5-6s. a week	..	..	..	..	107
Extra pocket money during vacation at £5-6s. a week	..	..	..	..	45
Sandhurst, say	..	..	..	..	326
Total	..	..	..	..	645

(10) The sum for sundries includes additional expenses during the vacations, such as travelling and entertainments. The expenses of cadets will, as far as possible, be kept within the above limits, but the parents or guardians of cadets must be prepared to pay any excess over these amounts.

(11) The above estimate does not provide for European kit on arrival in England other than the amount required for college uniforms; for the purchase of European kit an additional sum of from £100 to £200 should be provided. Notice does this estimate include anything for the cost of outfit on being commissioned from the college.

(12) The Local Government will recover from parents or guardians practically an advance at the beginning of each year of the Sandhurst course one-half of the total estimated expenditure for two years and pay it into the Local Treasury with full details in each year and with instructions that the money shall be passed to the Secretary of State for India through the outward London Account Current. No cadet will be allowed to pursue a course at the College until the fees for that term have been paid.

(13) An allowance of 4s. a day, in aid of the expenses of morning, washing, and other contingencies, will be admitted as a charge against the public far each cadet so long as he is a cadet at the Royal Military College. All other necessary expenses which cannot be covered by this allowance shall be chargeable to the parent or guardian of a cadet.

(14) If a cadet is absent a whole term in consequence of resignation, a payment of £10 shall be required in lieu of the half-year's contribution for the privilege of his name being kept on the rolls of the establishment, and for a vacancy being kept open at the commencement of the next term.

(15) If a cadet is resiliated or resigned during a term, his daily allowance shall cease from the date of such termination or resignation, and the contribution made for the half-year shall be forfeited, unless otherwise specially decided by the Army Council.

(16) If a cadet is absent from school during a portion of the term, his allowance shall continue to be issued and modified to his account. In exceptional cases a refund of the contribution for the period of absence may be authorized by the Commissioner, and in such cases the cadet's allowance shall cease for the period of the refund.

(17) Indians selected for admission will be subject to such rules and regulations as for, or may be from time to time, established for the maintenance of good order and discipline at the college.

They will, while at the Royal Military College, belong to the ordinary College Mess and be subject to the same arrangements as can be made on their behalf.

Indian cadets are required to appear at all times in the uniform of the college except when on leave or when otherwise exempted by the Commissioner, but they will be allowed to wear their national head dress should they so desire.

They will not be allowed to take private or personal attendants of any kind to the college.

(18) One of the rules for admission to the Royal Military College is that a cadet should be unmarried. This rule will be waived in the case of Indian candidates, but in no circumstances will a cadet be allowed to take his wife or family to England.

(19) The normal length of the course of instruction will be about two years divided into four terms. The college terms will be—

First term.—From about beginning of February to about middle of July.

Second term.—From about beginning of September to about middle of December.

The intermediate periods will constitute the vacations.

(20) Cadets from India will have to qualify in the ordinary passing examination and will, on qualifying, be eligible for King's Commissions. Before being passed in it for a

commission, they must be certified to be in good mental and bodily health and free from any physical defects likely to interfere with the performance of their military duties. Those who are successful in obtaining commission will enter the Indian Army as Second Lieutenants.

(14) Unless a Government building is available, candidates will be provided with private accommodation, usually in a hotel at Delhi. Candidates will be charged for the morning, but the cost of the rest of the quarters will be borne by Government. Suitable arrangements will be made for those candidates who are provided, by contract, from eating the food provided.

Candidates may arrange for quarters in the hotel other than those provided, but they will be liable for any additional cost incurred. Candidates will on no account be allowed to live elsewhere.

Parents or guardians must ensure that candidates are provided with sufficient funds to meet the cost of these expenses while in India.

(15) The Private Secretary to His Excellency the Governor of Madras, to whom applications should be made not later than 10th February, will transmit to the selected candidates the list of their selection. No application received after the 10th February will be considered.

(16) Incoming candidates should submit their applications in the form below:—

#### FORM OF APPLICATION.

1. Name in full (to be typed or hand printed).
2. Date of birth (this must be definitely stated).
3. Date and title.
4. Name, occupation and address of father, stating if living or deceased.
5. Name, occupation and address of guardian or male next-of-kin in event of father not being alive.
6. Brief summary of any military service rendered by candidate or any relatives.
7. Place and standard of education, examinations passed, with dates, linguistic qualifications other than English, furnishing certificates.
8. Whether able to ride and what games played.
9. Permanent address in India.
10. Particulars of non-military service (if any) in any Government or Civil Department rendered by near relatives of candidate.
11. Whether able to speak English fluently.
12. Vernacular selected as fourth obligatory subject.
13. Optional subjects selected.
14. Whether free-hand drawing selected or not.
15. Medical report.

#### APPENDIX.

##### SYLLABUS OF EXAMINATION FOR DETAIL CANDIDATES FOR ADMISSION TO THE ROYAL MILITARY COLLEGE, SANDHURST.

1. The subjects of the examination and the maximum number of marks obtainable for each subject are as follows:—

Class I—Compulsory.	Marks.	Class II—Optional.	Marks.
(a) English .. .. .	2,000	(v) Urdu .. .. .	2,000
(b) Indian History and Geology ..	2,000	(vi) Persian, Arabic or Sanskrit ..	2,000
(c) Geography .. .. .	2,000	(vii) Physics and Chemistry or General Science ..	2,000
(d) Mathematics (Elementary) ..	2,000	(viii) Mathematics (Intermediate) ..	2,000
(e) An Indian Vernacular .. .. .	2,000	(ix) British Imperial History ..	2,000

2. All the subjects in Class I must be taken up, and not more than two of the subjects of Class II, one only of which may be a language. If Urdu is selected as subject (vi) in Class I, it cannot be taken up as one of the two subjects in Class II. It is notified for the information of candidates that the optional subjects mentioned in (v) and (vi) (d) above—Physics and Chemistry or General Science—can be two separate subjects, the syllabus of one being different from that of the other as will be seen from the detailed syllabus below.

Candidates who take up Sanskrit in the qualifying examination are warned to make use of the Dore Nagel grammar in writing.

Candidates will be required to qualify, i.e., to obtain not less than 50 per cent of the total marks allotted in English and 33 per cent in the other three subjects named in Class I.

3. Candidates who take optional subjects will be required to obtain 50 per cent of the marks allotted to each subject. Marks obtained below 33 per cent will not count in the aggregate.

Candidates who fail in one obligatory subject but make 5,200 marks or more in the aggregate will be classified as qualified candidates according to the aggregate of the marks obtained.

4. In addition to the above-named subjects, candidates may take up free-hand drawing to which 400 marks will be allotted.

## STILLBORN OF SUBJECTS FOR THE EXAMINATION.

## English.

(Marks 2,000.)

Exam. Three alternative subjects to be given for an essay or letter of which candidates may choose one.

Reproduction of a passage read out to the candidate.

General paper (to test general knowledge and intelligence).

## Indian History (General).

(Marks 1,000.)

Questions will be set which will give the candidate an opportunity of showing his general knowledge of Indian History. Questions will deal only with the broad outline of the subject and knowledge of detail will not be expected. Some choice of questions will be allowed.

## Geography.

(Marks 1,000.)

A.—The general geography of the world and its physical features, viz.—

The size and shape of the earth; latitude and longitude; general distribution of land and sea.

The atmosphere; seasonal and regional variations of temperature, pressure and rainfall; winds.

The sea; form and temperature of the oceans; drift and ocean currents; the tides.

The land characteristics and distribution of mountains, tablelands, highlands and plains; soils of ground and surface water, ice and wind; types of land forms; characteristics of river courses.

Effects of climate on vegetation; characteristics and distribution of forest, grass lands and deserts. Animals characteristic of the chief vegetative regions; the great fishing grounds.

General characters and classification of the chief areas of mankind.

Distribution of population and of communities in relation to physical features, climate, and vegetation; the natural divisions and the chief products of each continent; geographical reasons for the position of the great cities of the world and the routes between them. Frontiers.

Simple methods of making maps.

Candidates will be expected to show an elementary knowledge of the topography of the world, and to be able to read topographical and statistical maps, including Ordnance Survey maps.

B.—The Geography of India in detail, particularly its frontiers.

## Mathematics (Elementary).

(Marks 2,000.)

Arithmetic.—The ordinary processes of arithmetic; the commoner ratios in the tables of measurement of length, area, volume (including pints, quarts, gallons) and weight (avoirdupois); the metric, gramme and litre with their common multiples and sub-multiples; fractions and decimals, addition and subtraction. A knowledge of ascending decimals and the process of extracting the cube root will not be required. Questions will not be set on "practical worth" or "true discount." The use of contracted methods will not be required.

Questions will also be set on the use of colligence and various, as determination of areas, by dissection (arithmetical figures, circles), by squared paper, by weighing; area of annular sectors and diameter of a tube; determination of volume, by dissection (rectangular block, sphere, cylinder), by displacement (overflow, graduated jar, basket), by weighing; use of balances; determination of density and specific gravity.

The use of algebraic symbols and processes and the use of algebraic rules and tables of logarithms will be allowed.

Algebra.—The expression of an arithmetical proposition in a formula; easy questions on the expansion of algebraical expressions, such as might arise in dealing with practical problems; interpretation of a formula; evaluation of a formula for numerical values of its variables; simple equations, easy quadratic equations; solution of two linear simultaneous equations; algebraical equivalents of them all in the Cambridge Geometry Exercise<sup>2</sup>; easy factors; easy graphs; change of the subject of formula; the use of four-figure logarithmic tables.

Geometry.—Euclid's and theoretical geometry according to the Cambridge Geometry Exercise<sup>2</sup>. Pupils will not be required of the propositions marked with an asterisk. Numerical solution of right-angled triangles by geometry or by use of cosine and tangent.

Candidates will be expected to be acquainted with the forms of the regular solids, namely, the cube, the octahedron, the sphere, the cylinder, the wedge, the right pyramid, and the cone.

In the classes of special instructions that a question is to be answered by a particular method, candidates are at liberty to choose their method from any branch of mathematics.

<sup>2</sup> See pages 75-81.

*As India Vernacular,*

(Marks 2,000.)

1. Translation from the Vernacular into English.
2. Translation from English into the Vernacular.
3. An essay or letter on one or two alternative subjects.
4. Calligraphic. Candidates to—
  - (a) take in the Vernacular;
  - (b) write a short dictated passage in the Vernacular.

*Urdu.*

(Marks 2,000.)

1. Translation from Urdu into English.
2. Translation from English into Urdu.
3. An essay or letter on one or two alternative subjects.
4. Calligraphic. Candidates to—
  - (a) take in Urdu;
  - (b) write a short dictated passage in Urdu.

*Persian, Arabic or Sanskrit.*

(Marks 2,000.)

1. Translation from Persian, Arabic or Sanskrit into English.
2. Translation from English into Persian, Arabic or Sanskrit.

*Physics and Chemistry.*

(Marks 2,000.)

*Physics.*

(a) *Heat and Optics*.—Refraction and production of heat; thermometry; expansion; calorimetry, specific heat, change of state (latent heat); convection, conduction and radiation. Relation of heat to other forms of energy; the mechanical equivalent of heat. Practical applications.

Production and propagation of light; the reflection and refraction of light at plane and spherical surfaces; the formation of images; mirrors and simple lenses; simple optical instruments. Dispersion and colour; vision.

(b) *Electricity and Magnetism*.—Simple experiments and measurements with magnets; lines of force; terrestrial magnetism. Elementary principles of electrostatics; electrostatic induction. Simple forms of cells; electrostatics, force, current, resistance; the magnetic, chemical and thermal effects of a current; method of measuring currents. The tangent galvanometer and moving coil galvanometer. Electro-magnetic induction; elementary conditions for the application of these principles, e.g., to the dynamo or motor, telegraph or telephone, may be set.

*Practical Work*.—Simple qualitative experiments to illustrate the phenomena of heat; use of the calorimeter. Experiments with plane and convex mirrors and simple lenses.

Simple experiments on magnetism; mapping fields; comparison of magnetic moments and of pole strengths. The electroscopes and electrophorus. Use of the tangent galvanometer to measure resistances and electromotive forces; simple experiments in electrolysis. Wheatstone's Bridge; determination of specific resistance.

In the event of a practical test being impossible the whole of the marks will be allotted to the written papers.

*Chemistry.*

The distinction between elements, compounds, mixtures; the laws of combination; equivalent weight, molecular weight, stoichiometry, and their determination by direct methods only.

The chemistry of the following elements and of their chief compounds:—Hydrogen, Chlorine, Bromine, Iodine, Oxygen, Sulphur, Nitrogen, Phosphorus, Carbon, Potassium, Sodium, Zinc, Iron, Copper. Acids, bases, and salts. The relation of the atmosphere to plant and animal life. The part played by carbon in the growth of plants.

*Practical Chemistry*.—Experiments illustrating the difference between elements, compounds and mixtures; the preparation and properties of the commoner gases and the simpler compounds of the elements in the schedule; observations on the behaviour of bodies under the action of reagents, including bodies not mentioned in the schedule; simple experiments involving weighing and the measurement of volume, including the volume of gases.

In the event of a practical test being impossible the whole of the marks will be allotted to the written papers.

*General Science.*

(Marks 2,000.)

Papers will be set to test the candidate's knowledge of scientific principles and of their application in everyday life, as indicated in the following schedule:—

Principles of mechanics, illustrated by falling bodies and by simple machines; the meaning of mass, weight, force, energy; the transformation of energy.

The general properties of solids, liquids and gases; principles of hydrostatics with graduated applications; notions of diffusion and surface tension.

Production and sources of heat; the ideas of temperature and quantity of heat; effects of heat on matter; transmission of heat. Relation between heat and work as illustrated in the steam engine and the internal combustion engine. Domestic heating and ventilation.

Production and propagation of sound; light, heat and electricity. Production and propagation of light; reflection, refraction and dispersion; colour. The eye and simple optical instruments. Domestic lighting.

Elementary ideas of magnetism. The fundamental experiments of electrostatics. Effects of the electric current. Ohm's law. Current induction, with the outlines of its application in the dynamo. Practical applications of electricity in domestic lighting and in the transmission and transformation of energy.

The chemistry of air and water and of the elements contained in them. The chemistry of combustion; common forms of fuel; carbon as a reducing agent in metallurgy. The relation of the air and its constituents to the life of plants and animals and to the weathering of rocks. The general laws of chemical combinations illustrated by a few common substances (e.g., chalk, sulphur, salt and common acids and bases); explanation of these laws by the atomic theory.

The distinction between living and non-living things; the distinction between typical plants and typical animals. The life of a plant; importance of plants in building up food and fuel. Fundamental principles of agriculture. Simple cases of fermentation and enzyme action. Simple physiology and hygiene.

The solar system; stars and nebulae. General structure of the earth's crust; igneous and sedimentary rocks; agents of denudation and deposition; fossils and their significance.

Some ideas of quantum will be given. A laboratory test may be included in the subject matter of this class experiment, but the value will be given of the introduction.

#### Intermediate Mathematics.

(Marks 2,000.)

Includes Elementary Mathematics together with—

*Geometry*.—Elementary ideas in solid geometry treated informally (angle between planes, angle between line and plane, great and small circles of sphere, mensuration).

*Algebra*.—Solution of two simultaneous equations, one linear and one quadratic; any question in variation; the meaning and simplest properties of negative and fractional indices; use of logarithmic tables, arithmetic progression, finite geometric progression; rule of change of a function and gradient of a graph; partial application of gradients and of areas of graphs.

*Trigonometry*.—Solution of plane triangles; graphs of trigonometrical functions, use of four-figure tables, formulae for trigonometrical values of the sum and difference of two angles.

*Statics and Dynamics*.—The lever, the inclined plane, the pulley and other simple machines; the composition and resolution of forces in two planes; moments; simple graphical methods; friction; simple cases of equilibrium; properties of the centre of gravity; work; velocity ratio, mechanical advantage, and efficiency of a machine.

The composition and resolution of velocities and accelerations in one plane; rectilinear motion under uniform acceleration; Newton's laws of motion; the conservation of linear momentum; work and energy; the time of flight, greatest height, and horizontal range of a projectile.

*Proofs of the parallelogram and triangle of forces, and of the principle of moments will not be asked for.*

*In the absence of special instruction that a question is to be answered by a particular method, candidates are at liberty to choose their method from any branch of mathematics.*

#### British Imperial History

The age of discovery.

Treaties and Settlement.

Foreign wars, their causes and the additions to the Empire resulting from them.

The constitutions of the Dominion. Crown Colonies and Protectorates.

The general expansion of the Empire from the beginning of the 17th century to 1914

*"The British Empire" by Sir Charles James is recommended for study by candidates taking this subject.*

#### The Cambridge Geometry Schedule.

The order in which the theorems are stated is not insisted on in the sequence of their treatment.

#### (Section I (Practical Geometry).)

1. Division of angles and of straight lines.
2. Construction of perpendiculars to straight lines.
3. Construction of an angle equal to a given angle.
4. Construction of parallels to a given straight line.
5. Simple cases of the construction from sufficient data of triangles and quadrilaterals.
6. Division of straight lines into a given number of equal parts.

7. Construction of a triangle equal in area to a given polygon.
8. Construction of tangents to a circle, and of secants tangents to two circles.
9. Simple cases of the construction of angles from unlimited data.

[Section II (Practical Geometry).]

10. Division of straight lines into parts in any given proportions.
11. Construction of a fourth proportional to three given straight lines and a mean proportional to two given straight lines.
12. Construction of regular figures of 3, 4, 6 or 8 sides in or about a given circle.
13. Construction of a square equal in area to a given polygon.

[Section III.]

ANGLES AT A POINT.

- \*14. If a straight line stands on another straight line, the sum of the two angles so formed is equal to two right angles, and the converse.
- \*15. If two straight lines intersect, the vertically opposite angles are equal.

PARALLEL STRAIGHT LINES.

- \*16. When a straight line cuts two other straight lines, if
  - (i) a pair of alternate angles are equal, or
  - (ii) a pair of corresponding angles are equal, or
  - (iii) a pair of interior angles on the same side of the cutting line are together equal to two right angles,
 then the two straight lines are parallel; and the converse.
- \*17. Straight lines which are parallel to the same straight line are parallel to one another.

TRIANGLES AND RECTILINEAR FIGURES.

18. The sum of the angles of a triangle is equal to two right angles.
19. If the sides of a convex polygon are produced in order, the sum of the angles formed is equal to four right angles.
- \*20. If two triangles have two sides of the one equal to two sides of the other, each to each, and also the angles contained by those sides equal, the triangles are congruent.
- \*21. If two triangles have two angles of the one equal to two angles of the other, each to each, and also one side of the one equal to the corresponding side of the other, the triangles are congruent.
- \*22. If two sides of a triangle are equal, the angles opposite to those sides are equal; and the converse.
- \*23. If two triangles have the three sides of the one equal to the three sides of the other, each to each, the triangles are congruent.
24. If two right-angled triangles have their hypotenuses equal, and one side of the one equal to one side of the other, the triangles are congruent.
25. If two sides of a triangle are unequal the greater side has the greater angle opposite to it, and the converse.
26. Of all the straight lines that can be drawn to a given straight line from a given point outside it, the perpendicular is the shortest.
27. The opposite sides and angles of a parallelogram are equal, each diagonal bisects the parallelogram, and the diagonals bisect one another.
28. If there are three or more parallel straight lines, and the intercepts made by them on any straight line that cuts them are equal, then the corresponding intercepts on any other straight line that cuts them are also equal.

AREAS.

29. Parallelograms on the same or equal bases and of the same altitude are equal in area.
30. Triangles on the same or equal bases and of the same altitude are equal in area.
31. Equal triangles on the same or equal bases are of the same altitude.
32. Illustrations and explanations of the geometrical theorems corresponding to the following algebraical identities:—

$$\begin{aligned}
 (a+b+c+\dots)^2 &= a^2+b^2+c^2+\dots \\
 (a+b)^2 &= a^2+2ab+b^2 \\
 (a-b)^2 &= a^2-2ab+b^2 \\
 a^2-b^2 &= (a+b)(a-b).
 \end{aligned}$$

33. The square on a side of a triangle is greater than, equal to, or less than the sum of the squares on the other two sides, according as the angle contained by those sides is obtuse, right, or acute. The difference in the cases of inequality is twice the rectangle contained by one of the two sides and the projection on it of the other.

LOCUS.

34. The locus of a point which is equidistant from two fixed points is the perpendicular bisector of the straight line joining the two fixed points.
35. The locus of a point which is equidistant from two intersecting straight lines consists of the pair of straight lines which bisect the angles between the two given lines.

TWO CIRCLES.

36. A straight line, drawn from the centre of a circle to bisect a chord which is not a diameter, is at right angles to the chord; conversely, the perpendicular to a chord from the centre bisects the chord.

\*37. There is one circle, and one only, which passes through three given points not in a straight line.

\*38. In equal circles (or, in the same circle) (i) If two arcs subtend equal angles at the centre, they are equal; (ii) conversely, if two arcs are equal, they subtend equal angles at the centre.

\*39. In equal circles (or, in the same circle) (i) If two chords are equal they cut off equal arcs; (ii) conversely, if two arcs are equal, the chords of the arcs are equal.

40. Equal chords of a circle are equidistant from the centre, and the converse.

#### [Section IV.]

##### TWO CIRCLES (continued).

41. The tangent at any point of a circle and the radius through the point are perpendicular to one another.

42. If two circles touch, the point of contact lies on the straight line through the centres.

43. The angle which an arc of a circle subtends at the centre is double that which it subtends at any point on the remaining part of the circumference.

44. Angles in the same segment of a circle are equal; and if the line joining two points subtends equal angles at two other points on the same side of it, the four points lie in a circle.

45. The angle in a semi-circle is a right angle; the angle in a segment greater than a semi-circle is less than a right angle; and the angle in a segment less than a semi-circle is greater than a right angle.

46. The opposite angles of any quadrilateral inscribed in a circle are supplementary; and the converse.

47. If a straight line touch a circle, and from the point of contact a chord be drawn, the angles which this chord makes with the tangent are equal to the angles in the alternate segment.

48. If two chords of a circle intersect either inside or outside the circle, the rectangle contained by the parts of the one is equal to the rectangle contained by the parts of the other.

#### [Section V.]

##### PROPOSITIONS. SIMILAR TRIANGLES.

49. If a straight line be drawn parallel to one side of a triangle the other two sides are divided proportionally, and the converse.

50. If two triangles are equiangular, their corresponding sides are proportional; and the converse.

51. If two triangles have one angle of the one equal to one angle of the other and the sides about these equal angles proportional, the triangles are similar.

52. The internal bisector of an angle of a triangle divides the opposite side internally in the ratio of the sides containing the angle, and likewise the exterior bisector externally.

53. The ratio of the areas of similar triangles is equal to the ratio of the squares of corresponding sides.

## PUBLIC DEPARTMENT.

### EXTENSION OF LEAVE.

Port St. George, January 3, 1923.

Mr. M.—Mr. J. P. SPANG, L.C.S., an extension of leave on half average pay for nine months from the 1st January 1923.

### POSTING.

Port St. George, January 9, 1923.

No. 29.—Mr. F. M. GYRON, L.C.S., on return from leave, to the Telegraphy Division of the Madras District. (The Madras Police Department Notifications Nos. 354 and 351, dated 12th December 1922, published at page 1258 of Part I of the Port St. George Gazette, dated the 17th December 1922, posting Mr. F. M. GYRON, L.C.S., to the Telegraphy Division and Mr. J. B. RUSSELL, L.C.S., to the Telegraphy Division respectively.)

### NOTIFICATIONS.

Port St. George, January 8, 1923.

No. 30.—In exercise of the powers conferred on him by section 85-A of the Code of Criminal Procedure, 1908, the Governor in Council hereby declares to be voided to the extent of any provision thereof of sections Nos. 3, 4 and 5 of Volume II of the newspaper in English entitled "Kand."

## HOME DEPARTMENT.

Kora's Police Museum—Police.

Dated, the 2nd January 1935.

No. K. 45—IV.—His Majesty the King, Emperor of India, has been pleased to confer the King's Police Medal, and in one case a bar to the medal previously awarded, on the following officers and men of the Indian Police establishments:—

Name of officer and rank.

Statement of service for which the decoration has been awarded.

## MADRAS.

- 1. Jack Elliot,**  
Acting  
Superintendent  
of  
Police.

This officer was deputed on special duty in August 1931, in connection with the Mysore rebellion. He was attached to various military units or Intelligence Officer and conducted investigations in their capacity of such personnel, being on many occasions under fire. The anti-revolutionary activities during the military units to which he was attached and the civil disturbances during the martial law period was to a large degree due to the tact and ability with which he discharged his duties.

He has already had the Medal conferred on him for services in connection with the Mysore outbreak of 1931 and is now awarded a bar to the same.
- 2. Arnold Jones**  
King, Assistant  
Superintendent  
of  
Police.

This officer was sent to Mysore in November 1931, he conducted a campaign of the Madhav Special Police. In the month he displayed unusual initiative in a prolonged and protracted pursuit of a rebel gang, he succeeded in receding up on less than forty hours in the Madhav mountains and in recovering several military and police rifles which had fallen into the hands of the rebels.

He never spared himself throughout the operations.
- 3. Karsendil**  
Kumar  
Fahdhar,  
Subedar,  
Madhav  
Special  
Police.

This officer was one of the first to join the Madhav Army from the police during the war. On the commencement of his appointment as a head constable. On the arrival of troops he at once proved himself as a guide and in collecting information. On many occasions he showed personal bravery and was highly commended by the military officer commanding the operations. On the formation of the Madhav Special Police he was selected for the post of Juma. As a result of his efficiency in that rank during the operations against the rebels, he was one of two officers in that rank during the operations against the rebels in effecting the capture of Varadachandran Kumbhar of Raj. He returned to his company and has since proved himself as a Subedar, being promoted to a Subedar.
- 4. Theophilus**  
Sethu  
Fahdhar  
Kumar  
Sethu,  
Acting  
Inspector  
of  
Police.

This officer was specially selected from a task outside the rebellion area, owing to the essential work he had done in the outbreak of 1931 in part of the Mysore and he had been in the outbreak of 1931 in part of the Mysore and he had been in the outbreak of 1931 in part of the Mysore. He was selected for the post of Juma. As a result of his efficiency in that rank during the operations against the rebels, he was one of two officers in that rank during the operations against the rebels in effecting the capture of Varadachandran Kumbhar of Raj. He returned to his company and has since proved himself as a Subedar, being promoted to a Subedar.
- 5. Velup**  
Machiah  
Appa  
Nagar,  
Sub-Inspector  
of  
Police.

This Sub-Inspector was specially transferred from the proceeding staff in the course of the rebellion in Mysore. He was with the troops working Mysore. At that he proved most useful and after the rebellion had been completed, he remained there in Mysore. He was personally awarded many decorations and medals. He was awarded, in three years, more than 100 medals from Mysore, with only a few more he was upon an armed band of rebels for all of whom he accounted. His present reference in establishing and maintaining order in the Mysore area has been most marked.
- 6. Kumbhar**  
Kumar  
Nagar, Sub-Inspector  
of  
Police.

At the outbreak of the Mysore rebellion this young officer was selected for police duty with the troops. He was previously Sub-Inspector in Mysore, the centre of the rebellion. He stuck to his post until the last day of the rebellion. He was awarded, in three years, more than 100 medals from Mysore, with only a few more he was upon an armed band of rebels for all of whom he accounted. His present reference in establishing and maintaining order in the Mysore area has been most marked.
- 7. Velup**  
Kumar  
Machiah  
Appa  
Nagar,  
Sub-Inspector  
of  
Police.

This officer was on leave when the Mysore rebellion broke out in Mysore. He at once joined the troops and remained very efficient. He was awarded many decorations and medals. He was personally awarded many decorations and medals. He was awarded, in three years, more than 100 medals from Mysore, with only a few more he was upon an armed band of rebels for all of whom he accounted. His present reference in establishing and maintaining order in the Mysore area has been most marked.

- Names of Officer and rank. Photograph of services for which he is particularly deserving has been submitted.
- MADAGASCAR.
6. Vincent  
Arthur  
Mason,  
Sub-In-  
pector of  
Police. This officer was personally attached to Mr. Blacklock throughout the Mappila rebellion. He was employed on several occasions to accompany troops who were officially called out to deal with emergencies and always displayed great energy and courage. He has made several arrests of dangerous men, such as a number of his own compatriots, has recovered much of the money stolen from the Mangal Treasury on considerable personal risk.
  7. Kamma-  
thodiyil  
Spada,  
Head  
Constable. The Head Constable of the Reserve has been on duty in the area of the Mappila rebellion throughout. He has been in charge of 500 Indian police in isolated posts and has on several occasions been specially selected to lead small parties for minor operations. On one such occasion, when deployed to arrest certain mercenaries who had escaped from military custody, his energy and his distinguished conduct in the capture at midnight of Enam, Madras, Katty Nigh, who had been responsible for numerous atrocities and had long evaded capture.
  10. Richter Mc-  
Arthur Ar-  
thur Krish-  
neram Ar-  
ayar, De-  
puty Super-  
intendent  
of Police. On the night of 14th August 1921, this officer found the theatre in Kattur town surrounded by a large mob, who were throwing stones at the building. Anticipating trouble he summoned an Inspector, a head constable and five constables. As the stone throwing continued he stopped the performance and got all, except about 20, of the audience safely away. He then shot the mob and barricaded the door which opened directly on to the road. The Deputy Superintendent and Inspector, were both hit. The mob tried to rush the gate, but the Deputy Superintendent fired and drove the mob back. They returned to the street and he fired once again, killing one of the mob. Meanwhile he succeeded in despatching a messenger with a telegram for assistance. A military party arrived at 8.30 a.m., and the mob dispersed. The clearing throughout was difficult and dangerous and the Deputy Superintendent dealt with it with energy and resolution and acted with great judgment.
  11. Yellappa-  
Ghalam AS  
Mahomed  
Khan Sahib,  
Khan Bah-  
adur, Deputy  
Superinten-  
dent of  
Police. Throughout his career this officer has been conspicuous for his able and energetic work. His influence with his own community, which is considerable, has always been exercised on the side of loyalty and discipline to Government. During the war he did particularly good work in connection with Port Blair and the Mappila and movement of Mahomed Khan for the Army. His domestic work has always been exceedingly good and straightforward.
  12. Christopher  
William  
Scott  
Gordon  
(deceased)  
Assistant  
Superin-  
tendent of  
Police. Mr. Scott Gordon was an experienced Agency Police Officer. He was put on special duty in the operations against the bandits. Early in these operations he succeeded in arresting an important bandit, Vinayya Chinn, a member of Madan, a man who had been reported from the Agency and who had been released from Police custody by the Bandits at Rappanang where he had been taken for trial for returning to the Agency without permission. This arrest was effected by a series of very difficult marches lasting over three days and involving nearly 50 miles of hill country. Subsequently Mr. Scott Gordon worked indefatigably in pursuing the gang and obtaining intelligence. He showed marvellous powers of endurance. He was killed on September 1921 in an ambush. Mr. Scott Gordon was a fine holder of man and gained the confidence and affection of the men under his command. He was regardless of his personal comfort or danger and entirely devoted to his duty.

R. A. SHAHAN,  
Chief Secretary.

#### NOTIFICATIONS.

Port St. George, January 12, 1923.

No. 2.—In Madras Notification No. 70, dated 1st November 1919, published at page 545, Part I of the Port St. George Gazette, dated 15th November 1919.

For 'Port Officer' appearing in the third column against the ports of Chidambaram, Erode, Madras, and Madras, add 'Port Officer' appearing in the third column against the port of Vinayapattam, add 'Port Officer' appearing in the third column against the port of Chidambaram, add 'Port Officer' appearing in the third column against the port of Chidambaram, add 'Port Officer'.

Note.—The above amendments have effect from the date of the issue of the respective notifications at the respective ports.

Port St. George, December 20, 1922 [S.O. No. 548, Finance (Marine)].

No. 3.—In exercise of the powers conferred on him by section 19 of the Indian Merchant Shipping Act, 1920 (S. of 1920), as amended by section 34 of the Indian Merchant Shipping Act, 1920 (S. of 1920), the Governor in Council is pleased with the sanction of the Governor General in Council to make the following additions and amendments to the rules for the conduct of examinations for the certification of Masters and Mates of Home trade sailing vessels of a tonnage not exceeding 1,000 tons issued with notification No. 58, dated 15th September 1921, and published on page 937-40 of Part I of the Port St. George Gazette, dated 4th October 1921.

Ends the full stop at the end of rule 5 (1), insert a comma, and add—  
“and that he has passed the eight tests prescribed in the Madras Marine Sight Test Rules.”

Substitute the following for rule 7—

“The candidate who does not produce a certificate of health granted or authenticated by a surgeon in the effect that he is free from any serious physical defect likely to disqualify him for employment at sea, shall be eligible for admission to the examination.”

No. 4.—In exercise of the powers conferred by section 16 of the Indian Merchant Shipping Act, 1920, and section 28 of the Indian Steamships Act, 1884, the Governor in Council, with the previous sanction of the Governor-General in Council, is pleased to make the following rules for the regulation of the examination in form and colour vision of persons desirous of obtaining certain certificates of competency:—

1. These rules may be called the Madras Marine Sight Test Rules, 1932.

2. In these rules the word ‘certificate’ means a certificate that the candidate has passed the examination prescribed in these rules.

3. Every candidate for a certificate as Master or Mate must pass the examinations prescribed in these rules before a certificate can be issued to him. If circumstances render it necessary for him to proceed with the examination in navigation and seamanship before undergoing the sight tests, he should be informed that the examination in navigation and seamanship will be conducted in the event of his failure to pass either of the sight tests.

4. Form vision test.—Every candidate for a certificate must pass the form vision test. A candidate who passes in form vision but fails in any of the other subjects need not be re-examined in form vision at the subsequent examinations.

5. Colour vision test.—Every candidate must undergo the colour vision test as every seaman or who is present himself for examination for his certificate.

6. Examination will be held from time to time at the Presidency Port Office at Madras, the examining Board consisting of—

- |                                      |         |    |    |             |
|--------------------------------------|---------|----|----|-------------|
| (1) The Presidency Port Officer      | .. .. . | .. | .. | (President) |
| (2) The Deputy Port Commissioner and | .. .. . | .. | .. | Members     |
| (3) The Port Engineer                | .. .. . | .. | .. | Members     |

and during the absence of any of them, one of the Senior Harbour Masters.  
Detailed information with regard to the conduct of the examination is contained in the Appendix to these rules.

7. A candidate who fails to pass the prescribed form vision test may present himself for re-examination at intervals of three months.

8. Only seamen who have themselves passed the colour vision test are to undertake these examinations.

9. The Sight Tests are open to all persons serving or intending to serve in the merchant marine or on inland steam or motor vessels in Madras, and all such persons are recommended to take the earliest opportunity of ascertaining whether their vision is such as to qualify them for service in the profession.

10. All persons desirous of undergoing the tests must make an application to the Presidency Port Officer, Madras, as here appended and must pay a fee of Rs. 1.

This fee will be payable on each occasion on which a candidate is examined.

#### APPENDIX.

##### DETAILS AS TO THE CONDUCT OF THE TEST.

These tests must be conducted under the strict personal supervision of the examiners. A suitable record must be kept of all mistakes made by the candidate both in the form vision test and in the colour vision test.

##### 1. Form vision test.

1. Form vision test to be passed first.—The first test which the candidate is required to undergo is the test for form vision, and until he has passed this test he must not be allowed to proceed further with the examination.

2. Apparatus used.—The form vision test is to be used for all candidates is that sanctioned on the Port's principle by means of sheets of letters.

3. Object of the test.—The object of the form vision test is to ascertain whether the candidate's eyesight is normal.

4. Standard of vision required.—‘Normal vision’ is defined, for the purpose of these regulations, as ability to read correctly size of the twelve letters in the sixth line and eight of the fifteen letters in the seventh line of a test sheet placed in a good light at a distance of 16 feet from the eye.

The candidate will have the option of using either eye separately or both eyes together.

5. Spectacles and allowed.—During the examination for form vision the candidate must not be allowed to use spectacles or glasses of any kind, or any other artificial aid to vision.

6. Method of testing.—The test sheets should be hung on the wall in a good light but not in direct sunlight, at a height of five or six feet from the ground. The candidate should be placed at a distance of exactly sixteen feet from the sheets, and exactly opposite them. This distance should be carefully measured, and should never in any circumstances be varied.

One of the sheets should then be exposed and the candidate should be asked to read the letters on each sheet, beginning at the top and going downwards. Any mistakes which he makes should be carefully noted. If then it is found that he has read correctly at least nine letters in the sixth line and eight letters in the seventh line of a sheet, the candidate may be considered to have normal vision, and should be marked 'passed' in the appropriate column of the form of application for a certificate.

7. *Passing or failing.*—If the candidate passes the form vision test, the examiners should proceed to test him for colour vision. If the candidate fails to reach the required standard, he should be tested with at least four sheets, and the examiners should then decide as to whether the candidate is to be regarded as passing or as failing in form vision.

8. *Tests to be varied.*—The examiners should take care, by varying the order of the test sheets and by every other means in their power, to guard against the possibility of any deception on the part of the candidate.

## II. Colour vision test.

9. *Apparatus.*—A special lantern and a mirror have been provided for this test. The lantern should be placed directly in front of the mirror, so that the front part of the lantern is exactly in line with the mirror. Care should be taken that the lantern is properly placed, that is to say, the lights reflected in the mirror must show clearly when viewed from a position on the left and level with the left of the lantern. The examiners should always satisfy themselves that these conditions are fulfilled before commencing the examination.

10. *Darkness required.*—It is essential that a candidate should be kept in a room which is either completely or partially darkened for at least a quarter of an hour before he is required to undergo this test.

11. *Method of testing.*—The lantern supplied for the examination is so constructed as to allow one large or two small lights to be visible, and is fitted with twelve glasses of three colours—red, white and green. As the commencement of the examination the examiners should show to the candidate a series of lights through the large aperture, and should require him to name the colour as they appear to him. If a candidate makes the mistake of calling the white light 'red' or 'green' and light should be shown immediately after and the candidate's attention directed to the difference between the two.

After a series of lights through the large aperture has been shown, the examiner should make a complete circuit with the two small apertures, requiring the candidate to name the colour of each set of two lights from left to right. To prevent any possibility of the order in which the lights are arranged from being lost, the examiners should at least twice in each session go back a varying number of colours.

A record of any mistakes made with either the large aperture or the two small apertures should be kept on form 501A. It is accordance with the instructions themselves.

*Passing or failing.*—If a candidate with either the large aperture or the two smaller apertures of the lantern mistakes red for green or green for red he should be considered to have 'failed' in colour vision. If the only mistake made by the candidate with the lantern is to call the white light 'red' and if after his attention has been specially directed to the difference between the two he makes no further mistake of this nature, he should be considered to have 'passed' in colour vision. If, however, the nature of the mistakes made shows unequivocally that a candidate is so colour blind as to be unfit to hold a certificate, the candidate shall be considered to have failed.

#### ERRATUM.

In G.O. No. 1234, L. & M., dated the 12th December 1922, published with notification No. 299 of Part I-A of the Fort St. George Gazette, dated 15th December 1922, for the word and figure "clause (5)" occurring in the last sentence of the notification the word and figure "clause (4)" shall be substituted.

#### NOTIFICATIONS.

*Fort St. George, January 4, 1923 (G.O. No. 31, L. & M.).*

No. 41.—In G.O. No. 2218, Revenue, dated 30th September 1922, the Government directed that the Collection of Income-tax should be made to the municipal authorities certain particulars regarding

income-tax returns for the purpose of municipal assessment to property tax. Chairmen of Municipal Councils are informed that, under the new Income-tax Act No. 1 of 1922 and the rules issued thereunder, no such information can be furnished.

*Part St. George, January 8, 1923 (O.O. No. 38, L. & M.).*

No. 42.—In G.O. No. 1418, L. & M., dated 12th August 1922, the Government had proposed to remove the administration of local bodies in the group settlement of villages of the Government as well as of private landlords and called upon presidents of all district boards and chairmen of all municipal councils to submit half yearly returns of all such outstanding claims by the 30th of the month commencing the 1st June. The returns for the half-year ended 30th September 1922 were due with the Government before 30th October 1922, but many of them were sent late and even now at many as twenty statements of municipal councils and seven presidents of district boards have yet to send in the returns.

It is observed from the returns received that the total outstanding of municipal councils and local boards on 30th September 1922 came to Rs 544 lakhs and Rs. 68 lakhs, respectively, against sums of Rs. 438 lakhs and Rs. 47 lakhs, respectively, on 31st March 1922. Of the municipal councils, Greater and the largest Calcutta—Rs. 1,24,800, Trichinopoly and Pondicherry came next with Rs. 25,471 and Rs. 13,385, respectively, while Changanassery, Channarayana, Kottayam, Kanyakumari, and Vengalpet had each liabilities of over Rs. 10,000. Among district boards, North Arcot had the outstanding claim of Rs. 13,718. The Government have cause to believe that the main cause of the large arrearages against municipalities is the slackness in collection work—then reports recently received, it is observed that the percentage of collection to demand during the last half of the current year was only 40 per cent. All municipal councils are therefore requested to push on with the collection work and clear off the outstanding liabilities at an early date. As a large portion of the arrearages were in Government dues, the Government are also sending orders separately for the adjustment of these dues from provincial treasuries due to the local bodies concerned.

*Part St. George, January 16, 1923.*

No. 43.—Under section 192 of the *Madras Local Boards Act of 1920* the Government are pleased to publish the following draft of an addition which it is proposed to make to the rules regarding the qualifications required of Sanitary Inspectors published at pages 482-483 of Part I-A of the *Part St. George Gazette*, dated 20th September 1920, as amended by Notifications Nos. 517-518, 1147-1148, 3228-3219, 518 and 1150, published at pages 175, 435, 134, 517 and 468 of *Part I-A of the Part St. George Gazette*, dated 31st March 1921, 14th September 1921, 23rd December 1921, 7th August 1922 and 20th December 1922, respectively. The draft addition and any objections or suggestions in respect thereof will be taken into consideration after the close of the date of this notification.—

#### DRAFT ADDITION.

Add the following at the end of the rules:—

"Notwithstanding anything contained in the foregoing rules, the Director of Public Health may, on the recommendations of Presidents of Local Boards or Chairmen of Municipal Councils, select any person who, in the opinion of the Director of Public Health, is fit to hold the post of Sanitary or Assistant Sanitary Inspector, to be qualified for the post. The person so selected shall be deemed to be duly qualified for appointment as Sanitary or Assistant Sanitary Inspector, subject to any liabilities that may be imposed by the Director of Public Health in the certificate."

No. 44.—In exercise of the powers conferred by section 2 of the *Madras Regulation of Births and Deaths Act III of 1909*, the Local Government hereby direct that the provisions of the said Act be extended to the areas named in column (3) of the several schedules with effect from 1st March 1923:—

District.	Schedule.	
	Tahsil.	Village.
Kannur.	Chinnayana.	Changanassery.
		Chinnayana.
		Udipi.
		Vengalpet.
Kannur.	Chinnayana.	Changanassery.
		Chinnayana.

*Part St. George, January 16, 1923 (O.O. No. 105, L. & M.).*

No. 45.—In exercise of the powers conferred on them by sub-section (1) of section 192 of the *Madras Local Boards Act, 1920*, the Local Government hereby notify for general information the following draft of a rule which they propose to make to regulate the payment of travelling allowance to officers paid from local funds.

Notice is hereby given that any suggestion or representation which any person may desire to make in respect of the draft rule will be considered if submitted within six weeks of the date of publication of this notification. Objections or suggestions received after that date will not be considered.

#### DRAFT RULE.

The travelling allowance of officers or servants paid from local funds shall not without the express sanction of the Local Government exceed what would be admissible to officers of the same pay in Government service under the *Madras Travelling Allowance Rules*. presented to the Director of Public Instruction or the Director of Industries, the withdrawal of the departmental privileges enjoyed by the schools. Private candidates, whose certified works are in any way respected by the examiners, will be liable to have their examinations (small) held and will also to be declared free of expense for any of the examinations under the control of the Commissioner for each term of years as the Commissioner may think fit.

It must be periodically noted that the drawing, etc., of each candidate should be submitted in a separate roll for each subject and for each grade (i.e., the drawings, etc., for a number of subjects should not be rolled up together, and that the drawings, etc., of a number of candidates should not be sent in one and the same roll. Also, in the case of each roll for each subject, each candidate should send the following particulars in roll:—

- |                           |  |
|---------------------------|--|
| (1) Name of candidate,    | (4) Grade, and                             |
| (2) Place of examination, | (5) Total number of drawings in each roll. |
| (3) Subject,              |  |

As the application has to be kept in the office and as the drawings, etc., have to be forwarded to the examiners, the application itself should be sent in a separate cover and not rolled up with the drawings, etc.

A candidate who failed, or having applied, did not appear, at a previous examination, must submit fresh drawings, etc. The drawings, etc., submitted will be as account be returned.

10. Candidates must send in their applications made out in English on printed form so that they may reach the Commissioner's office on or before the 15th January, after which date no application will be received. Only one form of application should be used by each candidate, although he may bring up several subjects and come up for different grades.

Note.—Candidates who are desirous of being examined through the medium of a vernacular in any subject should specify in advance of his application the language (e.g., Tamil, Telugu) through the medium of which he wishes to be examined.

11. Candidates in the national schools should obtain the required application forms from the treasury of the place in which they are resident or of the division in which they belong. Candidates in Mysore, Hyderabad, Travancore and Cochin States should obtain the same from the Resident's Treasury, those of Pudukkottai from the Political Agent for Pudukkottai, Trichopoly, and those of Agency Districts from the Agency Commissioner, Tanjore. Candidates who are residents of Madras should apply for application forms at the office of the Commissioner for Government Examinations, Central Post Office (Madras), and ask to be supplied at the Collector of Madras.

12.—No notice will be taken of any application from candidates in the national schools requesting to be supplied with application forms from this office.

13. The following is the scale of fees to be paid by candidates for admission to the examinations:—

For each subject	Rs.	P.	As.	Examiners' Stamps.			Address.
				Rs.	P.	As.	
				5	0	00	

N.B.—No candidate will be permitted to come up for examination in more than one grade in the same subject at the same time.

15. The prescribed fee may be paid in every case into a Government Treasury, or, if at Madras, into the Imperial Bank of India, and the receipt given by the Treasury Officer or the Imperial Bank of India attached to the application, which must in every case reach the Commissioner's office on or before the 15th January. On no account will the fee be retained in the Commissioner's Office until and in order to be paid later on. If application will be accepted unless it reaches the Commissioner's office by the date provided.

Note.—At Madras, in the case of all pupils, the fee should be collected by the Headmaster and sent in a lump sum to the Imperial Bank of India together with two sets of the receipts, one of which will be retained by the Bank and the other signed and returned to the Headmaster. The latter set should be forwarded to the office along with the applications of the candidate. The necessary forms for this purpose will be supplied by this office to Headmasters on application.

16. Each application should be sent direct to the undersigned, post-paid, registered and addressed as follows, the receipt for the fee paid being securely fastened to it.

17. Candidates are warned that the application itself should not be mixed with any drawings, plans, surveys, field books, estimates, or other 'certified works' that may be sent, but should be submitted in a separate cover.

[Application for admission to the Government Technical Examinations.]

To

The Secretary to the Commissioner for Government Examinations,  
Central Post Office (Madras).

N.B.—Candidates desirous to assure the examiner that their applications have been received should attach an address-postcard to their respective applications. The post-cards should bear the candidate's address only, and no other writing. Each post-card will be returned to their residences with the 'Received' stamp of the office impressed upon them. \* Day of commencement of the examination in the subject.

Candidates in all the subjects must bring with them for use in the examination their Own Time and Pencil.

Candidates who use graph sheets should also bring them in the answer-book that the graph may run the sheet on which the corresponding question is worked and then should use as working on the back of the graph sheets.

2. *Small-ware*—Candidates must bring to the examination hall, a sample of needles (drawing and sewing), a pair of compass, a thumb, a ruler, a measuring tape, a pen and red and blue pencils.

3. A copy of the syllabus but will be posted at the entrance to the examination hall a day or two before the examination, and candidates will find their register numbers in the list.

4. *Attending to dress* in the following rules:—

(1) No candidate will be allowed to enter the examination room unless he wears a clean and decent dress, and in all cases where good manners require it, a suitable covering for the head, nor will he be allowed to keep his shoes on unless they are clean of English spittoon, and socks and trousers are worn also.

No candidate suffering from any contagious disease will be admitted to the examination room.

(2) No candidate will be allowed to quit the examination room on any day until the expiration of half an hour from the time fixed for the commencement of the examination, and candidates leaving after the expiration of that half hour will not be admitted.

(3) No candidate will be allowed to re-enter the examination room during the hours of examination after once quitting it, nor to leave the room without finally giving up the answers.

(4) Any candidate detected in speaking to, or in any way communicating with, any other candidate will be at once removed from the room and the circumstances reported to the Director of Public Instruction, Madras.

(5) *Use of materials* will be allowed to take into the examination room, data, books, ruled sheets, memorandum papers of any kind. Any use detected in the violation of this rule or having recourse to any unfair practice will be reported from the room and the answers reported to the Director of Public Instruction, Madras.

(6) Candidates are prohibited from writing down the answer to any question on the question paper itself.

(7) Any candidate who does not behave properly towards the Chief and Assistant Superintendents of the examination will be liable to have his examination invalidated and also to be debarred from reappearing again for any of the examinations.

(8) Candidates whose names are sent in the printed list furnished to the Superintendents must submit a written declaration through the Superintendents giving full particulars in regard to themselves including their address and furnish such evidence as may be possible of their having applied for admission to the examination at the proper time and paid the prescribed fee. The answers of such candidates will not be valued unless it is clear that the contents of their names is due to no fault of theirs.

(9) Candidates desiring to change their place of examination without previous permission, or appearing at any centre other than the one at which they ought to have appeared, must not expect to have their answers valued. In all cases where permission has been granted, the superintendent is hereby permitted the change should be produced for the satisfaction of the Superintendent.

(10) A candidate having completed his paper will give it to the Chief and Assistant Superintendents and the Superintendent will return the answer-book. Any candidate wishing to ask any question of the Superintendent will pass the same source, but will on no account leave his place.

(11) Any answer-book sent up without the candidate's name, number and grade of examination affixed will not be valued. The answer books should be bound together at the left-hand corner, the additional answer-book being placed below the answer-book. In the case of candidates the work of candidates should bear the name, number and grade of examination marked on the inside of the cover.

(12) Candidates will not be allowed to take any papers, except their question papers, out of the examination hall.

(13) Candidates may leave to write their answers on both sides of the paper supplied to them, and in the case they will receive the necessary instructions on this point in the examination hall from the Chief Superintendent of the examination.

(14) Candidates are forbidden to tear up papers or to throw ink or papers on the floor.

(By order)

Office of the Director of Public Instruction,  
Madras, 2nd February 1921.

D. A. THODAY,  
Secretary, Training School-Leaving Certificate Exam.

5. The eligibility of a school-leaving certificate-holder will be determined for each Group of subjects separately, by the list of Proficiency averages or fixed percentages throughout, or by the list of Proficiency averages in Group A and fixed percentages in Group C, as hereafter.

6. A secondary school-leaving certificate-holder who fails to qualify under the preceding rules by reason of deficiency of marks

(i) in one subject only—

will be declared eligible for admission,

if the deficiency of marks is not more than one mark, irrespective of his total marks

provided that the deficiency of marks

is not more than 2 marks.

Do. do. 2 "

Do. do. 4 "

Do. do. 6 "

and so on

if his total marks amount to

not less than \$50

Do. 250

Do. 100

Do. 200

(ii) in two subjects only—

will be declared eligible for admission

provided that the deficiency is not

more than 1 mark in one subject

and 1 mark in the other subject.

" 1 mark and 2 marks

" 2 marks and 3 marks

if his total marks amount to

not less than \$50

Do. 250

Do. 100

For the purpose of this rule, in calculating the total marks gained, the higher mark obtained in each subject will be selected, whether examination took place in the same mark, and in calculating the deficiency of marks the smallest deficiency will be selected after application of both examinations in rules 1 and 6 and after applying rules 2, 3 and 4.

In the case of a secondary school-leaving certificate-holder who has been exempted the study of Vernacular Composition and Translation and has taken a standard or foreign language and one other subject only under Group C, the total marks required under this rule will be reduced, by one-fifth, provided always that in the case of such certificate-holder no total number of marks will be allowed to compensate for deficiency of marks in the language or for other subjects under Group C.

In the case of a certificate-holder who has been exempted the study of Vernacular Composition and Translation and has taken a classical or foreign language and two other subjects under Group C, the total marks required under this rule will not be reduced (the marks in each of the five subjects being taken into account) and compensation for the deficiency of marks will be admissible under this rule irrespective of subject.

7. The modification of the marks obtained by a holder of a secondary school-leaving certificate for the purpose of the above rules will be effected as follows:—

The individual mark gained by him for the last year at school in each subject will be multiplied by the average mark for the school at the Public Examination and the result divided by the average mark at school of the candidate from the school actually appearing for the Public Examination. The figure thus obtained will be added to the individual mark gained by him at the Public Examination and the total will then be divided by two to obtain the final modified mark.

8. In the case of certificate issued under the authority of Native States in the Dominion of the University, similar standards for admission will be applied.

9. Any candidate for admission to University courses of study who in any year fails to qualify by reason of deficiency in any subject or subjects in which he has undergone examination will be required to undergo a supplementary course at school in all the subjects of Group A, and in two subjects of Group C. His mark gained at the Public Examination in the case of the supplementary course and his eligibility for admission will be determined, according to the preceding rules, either by the marks obtained by him at the last examination or by the average marks throughout in each subject obtained by him at the last and the penultimate examinations. Also in the case of a candidate who, after undergoing a supplementary course and examination, has failed again to qualify for admission to University courses of study and who is permitted to appear at the Public Examination in a subsequent year after private study, eligibility for admission will be determined, according to the preceding rules, either by the marks obtained by him at the last examination or by the average marks throughout in each subject obtained by him at the last and the penultimate examinations.

10. Bursar candidates for admission to colleges, whose last appearance at the Public Examination was in 1913 or earlier, must submit their certificates to the office for inspection not later than the 10th April. Every such certificate will be judged by examination marks alone according to the rules on issue for candidates completed in the year in which it is submitted for inspection except that the best performance in each subject in any year will be taken into consideration.

11. Notwithstanding anything contained in the foregoing rules, the Principals of Colleges for Women will be permitted to make admissions at their discretion of female holders of secondary school-leaving certificates whether or not the names of such holders of certificates are included in the published list of certificate holders eligible for admission to University courses of study. Certificate-holders so admitted to Colleges for Women will be registered as matriculation under Regulation 1 of Chapter XVI.

12. The lists published annually in the First St. George's Gazette will contain the names of all certificate-holders found to be eligible for admission to University courses of study in affiliated colleges, other than Colleges for Women, under the rules and directions issued by the Principals. It is, however, to be clearly understood that inclusion in the list confers no on certificate-holder the

right of admission to any official college. The Principals of Colleges are at perfect liberty to admit admission to such applicants as they may select and are moreover required annually to send admissions to such eligible candidates holding as, judged by their certificates, may be accepted in part by the particular course of study upon which they propose to enter in the college selected.

## INDUSTRIAL SCHOLARSHIPS.

Industrial scholarships will be awarded by the Director of Industries to pupils learning a trade or profession in recognised industrial schools or in selected apprenticeships (boys or girls) serving properly arranged apprenticeships for a specified term of training in workshops or mills where provision is made for the systematic teaching of the subject in working hours for not less than four hours per week in subjects calculated to improve their value as artisans or operatives on completion of their training. The aim of these scholarships is to encourage deserving apprentices and pupils to complete their whole apprenticeship or period of training at one institution or workshop and so to meet entirely the present need of apprentices to move from workshop to workshop in search of a few extra shillings in wages in the desultory of their training and the consequent of their employers.

For the present, daily scholarships will be awarded per annum payable in approved schools or workshops or mills for a period of five years or such shorter term of apprenticeship as may be usual in the particular trade or occupation.

The scholarship will be of the value of—

2s. 4s. per month during the first year of training.

1s. 8s.	2s.	second	1s.
1s. 6s.	1s.	third	1s.
1s. 4s.	1s.	fourth	1s.
1s. 2s.	1s.	fifth	1s.

A bonus equivalent to two months' average scholarship will be granted for each year of training to each of the apprentice or indentured apprentice who complete the whole period of training agreed on at the commencement of the scholarship.

The conditions of award will be as follows:—

(1) All scholarship holders shall be no greater than six months, after which the scholarship will be continued or withdrawn after consideration of a report from the employer or teacher regarding the scholar's work. Scholarships will continue to be granted to members of the artisan series or to others whose families are already in the trade.

(2) No scholarship will be granted to candidates who are over seventeen years of age at the commencement of their apprenticeship, but in the case of Mechanic's candidates, the age limit may be raised by two years.

(3) The general educational attainments of candidates should be such as would enable them to profit by the training provided. Ordinarily a standard V pass in the primary grade will be regarded as the minimum necessary, but the nature of the trade to be followed, the pecuniary remuneration of the candidate, and his general fitness for the work will be taken into account in deciding whether a candidate is qualified for the scholarship.

(4) The candidate and his guardian must enter into an agreement with the employer that he will faithfully fulfil the conditions of apprenticeship, and unless prevented by sickness or other circumstances beyond his control, serve the full term of apprenticeship that may be agreed on.

## General Regulations.

1. Applications for scholarships payable from 1st July 1913 should be submitted by the head of the Institution in which a candidate is studying or intends to study or by the candidate's employer or his guardian on or before the 1st June 1913. Applications should be accompanied by a "certificate" furnished from the school last attended and by such other particulars as are likely to assist the Director in coming to a decision, and should be made on forms which may be obtained from his office.

2. The names of selected candidates will be notified by the Director of Industries in the *Port St. George Gazette*. Each scholarship will come into force on the 1st July 1913.

3. Any scholarship withdrawn during the period for which it is payable may be awarded with the consent of the Director of Industries for the remaining period to any eligible applicant.

4. Heads of institutions and employers may grant leave for a period not exceeding one month to scholars who are absent in consequence of severe sickness, but if the leave exceeds this period no scholarship will be granted for the period exceeding one month. Casual leave may be granted for good and sufficient reasons for a period not exceeding fifteen days in the year. If a scholarship holder absents himself without good reason on the working day after the vacation or holidays the scholarship for the month or holidays is liable to be withheld by the Director of Industries.

5. No person retaining a scholarship under this scheme will be permitted to hold another scholarship, provided wholly or partially by Government, without the special sanction of the Director of Industries.

6. All scholarships are liable to forfeiture for idleness, misconduct, irregularity in attendance or failure to make due progress or to carry out the programme.

7. A scholarship held in any class or year of apprenticeship shall run from the beginning of the month in which the holder joins the class and shall not be drawn after he ceases to attend the class or leaves the workshop. The scholarships are payable monthly.

8. In all cases where notice has been made a condition of award, applications will be immediately rejected unless there is evidence to show that but for a scholarship the applicant will not be able to continue his studies.

9. In addition to any register maintained under rule 10 of the *Factory (Miscellaneous) Rules* an application will require the following information shall be maintained by the head of the institution or employer concerned and should be produced at the time of any departmental inspection of the institution or workshop or mill:—

(1) Name of scholarship holder; (2) standard of scholarship; (3) monthly value of the scholarship; (4) period payable; (5) number and date of the order in which the scholarship was awarded; (6) month for which the scholarship has been drawn; (7) date of the agreement of the holder; (8) date of disbursement of the scholarship money and amount; (9) signature of the scholarship holder; and (10) remarks.

13. Government trust that employees of I-beam will co-operate with Government in this scheme to the extent of conducting recognised classes in I-beam during working hours or allow I-beam Agreements to be off duty to attend classes in the I-beam Trade School or any other place where suitable training is provided.

24. Workscholarships and fellowships will be eligible for recognition and for a Government grant provided they are conferred to the satisfaction of the Director of Education, irrespective of the number of workscholarship-holders in attendance.

Medana, 10th January 2019.

# TENDERS FOR THE SUPPLY OF MEAT AND HOSPITAL MEDICINES FOR THE GOVERNMENT HEADQUARTERS HOSPITAL, GUNTUR.

Notice is hereby given that sealed tenders will be received by the Superintendent, Government Headquarters Hospital, Guntur, up to 5 p.m. on Thursday the 16th February 1922 for the supply of supplies of the said and other hospital necessities required for the Government Headquarters Hospital, Guntur.

1. No tender will be received after the hour specified above.

2. Tenders should be accompanied by "Tender for the supply of diet and hospital necessities for the Government Headquarters Hospital, Guntur." Articles required are detailed in the schedule annexed.

3. Each tender must be accompanied by a deposit of Rs. 500 (in Government promissory notes or bank receipts) as earnest money. In default of such deposit, the tender will be rejected. The cash will be returned. This deposit will be returned to successful tenders immediately, and to unsuccessful tenders seven or ten days after the date of opening tenders, as the case may be.

4. The successful tenderer must, within seven days from the date of receiving intimation that his tender has been accepted, lodge security of Rs. 500 and execute a bond at his cost for the performance of his contract.

5. No person making a tender shall be allowed to withdraw his tender or to refuse to undertake the contract if his tender is accepted, and in the event of his so doing, his deposit shall be forfeited to Government.

6. A fine not exceeding 10 per cent of deposit money will be levied for any contravention of the stipulations of the bond and if frequently repeated the contract will be annulled and the security forfeited to Government.

7. The contract must not be sublet. The security will be returned to him immediately on completion of his contract.

8. The Superintendent reserves to himself the right to decline tenders without assigning any reason for so doing.

9. Government promissory notes held as earnest money or security deposit for a period of twelve months or less, shall not be endorsed over to the Superintendent, but shall remain in the name of the depositor. Government will appropriate or cancel the notes as per G.O. No. 3386, dated 21st March 1920, authority to that effect being duly entered in the contract or other documents required by the Depositor. The tenderer should attach a certificate to his schedule to the following effect:—

"I, the tenderer, agree to have the earnest money in Government promissory notes as bank receipts, surrendered to Government in case of my failure to undertake the contract."

10. No advance of cash will be made to the contractor.

11. No gratuity shall be supplied to the hospital except on authority signed by the Medical Officer or by some responsible person authorized by him in writing to do so.

6. The right of rejecting or accepting any tender without assigning any reason for so doing is reserved to the Board.

7. The deposits of the successful tenders will be returned as soon as possible after the opening of the tenders, while the deposit of the unsuccessful tenders will be retained on the day following the contract.

#### ARTICLE.

1. The contractor shall deliver the tiles to the Secretary at the time and at the place mentioned in the schedule at his risk.

2. The tiles supplied by the contractor shall be of the same quality and description as the sample deposited and shall be in all respects equal thereto.

3. The tiles shall be subject to inspection and acceptance or rejection by such person or persons as the Secretary for the time being shall from time to time name and appoint to that duty or for that purpose and any such tiles which in the opinion of the inspecting officers shall be inferior in quality or the said sample shall be rejected by the inspecting officers whose opinion and rejection shall, in all respects, be final and conclusive and binding on the contractor and shall not be open or subject to question or dispute by the contractor upon any ground whatsoever.

4. As regards any tiles rejected by the inspecting officers, the Secretary may at his discretion take delivery of all or any of such tiles at a price lower than the amount paid herebefore referred to and his decision in the matter and as regards the price to be paid therefor shall be final and binding on the contractor.

5. All tiles rejected by the inspecting officers and not taken over by the Secretary as provided in clause 4 above shall be returned by the contractor within 14 days after such rejection shall have been notified to the contractor by the inspecting officers, and any tiles not so returned by the contractor may be sold, stored or dealt with by the Secretary as he thinks fit.

6. In case of the tiles which have been rejected by the inspecting officers and not taken over by the Secretary at a reduced price, the contractor shall, within 14 days as may be fixed by the inspecting officers after such rejection shall have been notified to him as aforesaid, supply and deliver to the Secretary an equal number of tiles of the same quality and description as the said sample and in all respects equal thereto and the applicant in case of those rejected shall be in the same manner subject to such rejection and removal or acceptance at a reduced price as aforesaid.

7. The Secretary will pay for all tiles approved by the inspecting officers or accepted by the Secretary under the provisions in clause 4 above within twenty-one days from the receipt after such approval or acceptance, as the case may be, of a bill made out by the contractor as the rates specified in the schedule or at the price notified by the Secretary as the case may be.

8. The contractor shall not be in any way interested in, connected, directly or indirectly with the persons or firms engaged in the Salt, Alkali and Customs Department in any trade, business or any transaction whatever, nor shall the contractor give or pay or promise to give or to pay in any such transaction directly or indirectly any money or fee under the designation of custom or otherwise, nor shall he assign or make over his business directly or indirectly to any person or persons whatsoever or permit any person or persons whatsoever to interfere in the management or performance thereof.

9. Upon the complete fulfilment of this contract by the contractor to the satisfaction of the Secretary, the latter will return the deposit to the contractor.

10. In case the contractor shall fail or neglect or refuse to observe, perform, fulfil and keep all or any one or more or any part of any one or more of the conditions, stipulations and provisions herein contained or if, at any time during the period thereof, the Secretary is of opinion that the contractor will not supply the tiles required within the time hereby provided, it shall be lawful for the Secretary, if he shall think fit to do so, forthwith to cancel the agreement by notice in writing to the contractor and to make or to enter into such other arrangement or contract as he may think fit for the supply of the tiles hereinbefore specified and the contractor shall be accountable to the purchaser for any loss or damage which may be sustained through his failure, neglect or refusal as aforesaid, but shall not be entitled to seek in any manner below the same payable to him under the terms of this agreement which the Secretary may in this be able to effect.

11. The Secretary may, if he thinks fit, instead of accepting the contract and retaining into another contract above, free the contractor in any case not mentioned in the said contract, and such free shall be paid within seven days of its imposition, failing which it shall be lawful to the Secretary to deduct the amount of the said free from out of the aforesaid deposit or from any sum or sums which may at the time be or may hereafter become due to the contractor on account of the tiles supplied by him under this contract. If there shall be no contractor's deposit or both be less than the sum which may be due at any time from the contractor to the Secretary of State then, in that case, the contractor, his executors, administrators, or representatives shall forthwith repay the Secretary of State the balance of such sum.

12. The aforesaid penalties shall not be inflicted for delays which are shown to the satisfaction of the Secretary to be due to the contractor's inability to obtain railway freight.

Acting Superintendent, Public Works Office.

Madras, 15th January 1933.

## SALE OF ASSURED WASTE LANDS COMMANDED BY THE HOPAD PROJECT.

Notices are hereby given that full ownership rights in the assured waste lands specified in the assured schedule will be sold in public auction by the Subdar, Kanali, on the 26th March 1933 and the succeeding days at the Chintamani cattle mart.

2. The bids will be subject to the following conditions:-

(a) The bids will be knocked down to the highest bidder approved by the selling officer subject to the confirmation by the District Collector who will be at liberty to accept or reject any bid without assigning reasons.

(b) The lands will be sold held by field with an upset price of Rs. 35 per acre, but the selling officer may put up two or more bids in one lot subject to a maximum of Rs. 40 an acre and may also withdraw any bid from auction.

(c) Persons who wish to bid must pay an initial deposit of Rs. 10. At the conclusion of the sale the deposit of the successful bidder will be returned, while those of the unsuccessful bidders will be carried towards the deposit required under condition (f) below.

(d) Persons intending to bid shall notify in the selling officer whether they are bidding on their own account or as agents for other persons. In the latter case they must file a written authority from their principals; otherwise their bids will be rejected.

(e) A successful bidder must at once deposit 15 per cent of the purchase money in cash. If the required amount is not received by the initial deposit, the bidder should be paid immediately on the completion of the sale. A successful bidder must within one month from the date of conclusion of the sale pay not less than one-half of the balance of the full amount of his bid and the balance, if any, not later than the 15th June 1933 with interest at 8 per cent per annum from date of sale.

(f) The successful purchaser will be required to pay along with the deposit referred to in clause (e) the cost of demarcating the land and the value of all trees standing on or up to the sale lot or interested by the selling officer at the time of sale or immediately thereafter.

(g) The successful bidder will receive payment from the confirmation of the sale by the Collector and after payment by the bidder of the full purchase money together with the cost of trees and of demarcating the land.

(h) If the purchaser fails to deposit or to pay any sum due under (e) or (f) on or before the day then he will forfeit any amount already deposited or paid and the land will be resold at his risk.

(i) A proportionate refund of the purchase money will be allowed if the deficiency between the actual value of the sale and the agreed amount exceeds 10 per cent and if the refund is claimed within six months of the date of confirmation of the sale.

(j) No work on the land as may hereafter be required for drainage or drainage or other works connected with irrigation or roads shall be considered by the purchaser or his heirs allowed the refund of the proportionate purchase money and the amount spent by him on such improvements.

(k) Existing and customary rights in fish-pools, hand-panches, water-courses, etc., in these lands will not in any way be affected by the sale.

(l) The land will be sold "dry" subject to the payment of the agreed amount on the day prior mentioned in the assured schedule and of such local and other dues as may have been or may hereafter be imposed. The present classification of soil and rates of assessment and taxes will be liable to revise at any general revision of land revenue assessment of the district or taluk concerned.

(m) The charge for irrigation will be at the differential rates in force under the Government Notification, dated 21st October 1920, but the Government reserves to themselves the right to enhance the rates at any further time so to levy a charge according to the quantity supplied without reference to the area irrigated.

(n) Persons whose bids are confirmed by the Collector will be required to pay the assessment and taxes due on the lands with effect from 1st July 1933 unless scope are given by them on the lands in July 1933.

(o) Should it be found within three years from the date of confirmation of the sale that any land is with a suit incapable and the Executive Engineer certifies it to be so or if for any other reason the Executive Engineer certifies that water cannot be supplied to the land, the purchaser shall have the price of converting the sale and relinquishing the land and he shall have as claim to any further compensation or damages on account of the conclusion of the sale.

The Standard Barometer and Thermometers are read at 8 a.m., 10 a.m., 2 p.m. and 8 p.m., and the daily means are obtained by the application of hourly corrections, deduced from twenty years' observations. The station of the barometer is twenty-five feet above the level of the sea, and the register of the rain gauge is two feet from ground. The wind, rain and general weather registered are for the current Civil Day—from midnight to midnight.

The total quantity of rain collected since January 1st to 14th (inches), the average day for the same period being 0.18 inch.
